

Landsbankinn's variable interest rate development from 2008 - 2020

- Updated on: 1. june 2020

Before a loan agreement that requires an assessment of creditworthiness and has variable interest rates is signed by a consumer, the lender is obliged to inter alia inform the consumer of the historical development of variable interest rates on consumer loans and consumer mortgages granted by the lender, cf. Article 25 of Act No. 33/2013, on Consumer Loans, and Article 14 of Act No. 118/2016, on Consumer Mortgages.

To ensure that consumers are informed about the historical development of variable interest rates that apply to the relevant consumer loans and consumer mortgages, the development of Landsbankinn's main variable interest rates are depicted in the chart below. The chart is published with reservations regarding possible typographical errors and is subject to change without prior notice.
