# Report of the Board of Directors and the CEO

Landsbankinn is a leading financial institution in Iceland, offering a comprehensive range of financial services to individuals, corporates and investors. The Condensed Consolidated Interim Financial Statements of Landsbankinn hf. (the "Bank" or "Landsbankinn") for the first nine months of 2019 include the Bank and its subsidiaries (collectively referred to as the "Group").

### Operations

Consolidated profit amounted to ISK 14,360 million for the first nine months of 2019. Consolidated total equity amounted to ISK 243,860 million and total assets to ISK 1,415,262 million at the end of this period. The total capital ratio of the Group, calculated according to the Act on Financial Undertakings, was 23.6% at the end of the period.

### Risk factors

The carrying amount of the Bank's credit portfolio increased by 6.8% this year to date. The Bank's credit risk remains well within its risk appetite. The average probability of default for the portfolio is currently 2.5%, which is marginally lower than at year-end 2018. Impairment on loans was significantly higher during the first three quarters of the year compared to the same period last year. Expected credit losses as a percentage of total loans are similar to what they were at year-end 2018, despite a slight increase during the third quarter of the year.

The Bank closely monitors and manages its liquidity risk, both collectively and separately, in foreign currencies and Icelandic *króna*. The Bank's total liquidity coverage ratio (LCR) was 186% at the end of the period, compared with 158% at year-end 2018.

Market risk remains low and well within the Bank's risk appetite.

Information about the Group's risk management is included in the notes to the Interim Financial Statement.

### Outlook

Following setbacks in the fishing and tourism sectors, the outlook is for economic contraction this year. This contraction is expected to be slight and short-lived. Despite above-trend growth in the past several years, the Icelandic economy is better balanced and in a stronger position than at the end of previous expansion periods. A combination of relatively high policy rates compared to main trading partners and a favourable Treasury position enable firm application of policy instruments and lay the groundwork for sustainable growth as early as next year. The Central Bank of Iceland has already reacted to deteriorating economic growth by lowering policy rates by 125 basis points since May.

# Other matters

The AGM of the Bank held on 4 April 2019, approved the motion of the Board of Directors to pay shareholders a dividend in the amount of ISK 9,922 million, or equivalent to ISK 0.42 per share, for the operating year 2018. The dividend was to be paid in two equal instalments, each equivalent to ISK 0.21 per share, on 10 April 2019 and 2 October 2019. Both instalments have been paid to shareholders in accordance with the resolution of the meeting.

# Statement by the Board of Directors and the CEO

The Condensed Consolidated Interim Financial Statements of Landsbankinn hf. for the first nine months of 2019 have been prepared on a going-concern basis in accordance with International Financial Reporting Standards as adopted by the European Union and applicable Icelandic laws and regulations.

In our opinion, the Condensed Consolidated Interim Financial Statements of Landsbankinn hf. give a true and fair view of the consolidated financial performance of the Group for the first nine months of 2019, its consolidated financial position as at 30 September 2019, and its consolidated cash flows for the first nine months of 2019.

Furthermore, in our opinion, the Condensed Consolidated Interim Financial Statements of Landsbankinn hf. describe the principal risks and uncertainties faced by the Group.

The Board of Directors of the Bank and Chief Executive Officer hereby endorse the Condensed Consolidated Interim Financial Statements of Landsbankinn hf. for the first nine months of 2019.

# Independent Auditor's Review Report

### To the Board of Directors and Shareholders of Landsbankinn hf.

# Introduction

We have reviewed the accompanying Condensed Consolidated Statement of Financial Position of Landsbankinn hf. (the Bank) as at 30 September 2019 and the related Condensed Consolidated Income Statement, Condensed Consolidated Changes in Equity and Condensed Consolidated Cash Flows for the nine-month period then ended, and a summary of significant accounting policies and other explanatory notes. Management is responsible for the preparation and presentation of these Condensed Consolidated Interim Financial Statements in accordance with International Financial Reporting Standard IAS 34 "Interim Financial Reporting" as adopted by the European Union. Our responsibility is to express a conclusion on these Condensed Consolidated Interim Financial Statements based on our review.

### Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying Condensed Consolidated Interim Financial Statements do not give a true and fair view of the financial position of the Bank as at 30 September 2019, and of its financial performance and its cash flows for the nine-month period then ended in accordance with IAS 34 "Interim Financial Reporting" as adopted by the European Union.

### General

# 1. Reporting entity

Landsbankinn hf. (hereinafter referred to as the "Bank" or "Landsbankinn") was founded on 7 October 2008. The Bank is a limited liability company incorporated and domiciled in Iceland. The Bank operates in accordance with Act No. 161/2002, on Financial Undertakings. The Bank is subject to supervision of the Financial Supervisory Authority (FME) in accordance with Act No. 87/1998, on Official Supervision of Financial Activities. The registered address of the Bank's office is Austurstræti 11, 155 Reykjavík.

The Condensed Consolidated Interim Financial Statements of the Bank for the nine months ended 30 September 2019 include the Bank and its subsidiaries (collectively referred to as the "Group" and individually as "Group entities"). The Group's primary lines of business are corporate and personal banking, markets, asset management and other related financial services. The Group operates solely in Iceland.

## 2. Basis of preparation

These Condensed Consolidated Interim Financial Statements for the nine months ended 30 September 2019 have been prepared in accordance with International Accounting Standard (IAS) 34 Interim Financial Reporting, as adopted by the European Union. The Condensed Consolidated Interim Financial Statements have, furthermore, been prepared in accordance with Act No. 3/2006, on Annual Financial Statements, Act No. 161/2002, on Financial Undertakings, and Rules No. 834/2003, on Accounting for Credit Institutions.

The issue of these Condensed Consolidated Interim Financial Statements was authorised by the Board of Directors and the CEO of the Bank on 24 October 2019.

The Condensed Consolidated Interim Financial Statements do not include all the information required for full annual financial statements and should be read in conjunction with the Consolidated Financial Statements of the Group as at and for the year ended 31 December 2018, which are available on the Bank's website, www.landsbankinn.is.

### Going concern

The Bank's management has assessed the Group's ability to continue as a going concern and it has a reasonable expectation that the Group has adequate resources to continue its operations. Accordingly, these Condensed Consolidated Interim Financial Statements have been prepared on a going concern basis.

# Functional and presentation currency

The functional currency of the Bank and its individual Group entities is Icelandic króna (ISK) and all amounts are presented in ISK, rounded to the nearest million unless otherwise stated.

# Use of estimates and judgements

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Accounting estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

# 3. Significant accounting policies

The Condensed Consolidated Interim Financial Statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances. The accounting policies applied in the Condensed Consolidated Interim Financial Statements are the same as those applied in the Consolidated Financial Statements as at and for the year ended 31 December 2018, except for changes resulting from the initial adoption of IFRS 16 Leases, which are described in Note 63.

### 4. Impact of IFRS 16 Leases on the date of initial application

On transition to IFRS 16, the Group accounted for ISK 2,595 million as a right-of-use assets and ISK 2,829 million as lease liabilities, recognising the difference in retained earnings net of tax.

When measuring lease liabilities, the Group discounted lease payments using its incremental borrowing rate as at 1 January 2019 of 3.0% for CPI-indexed leases and 6.0% for non-indexed leases.

|  | 1 January 2019 |
|--|----------------|
| Operating lease commitments disclosed in the Groups Consolidated Financial Statements as at 31 December 2018 | 3,346          |
| Recognition exemption for leases with a remaining lease term of less than 12 months                          | (11)           |
| Effect of using incremental borrowing rate   | (506)          |
| Lease liabilities as at 1 January 2019   | 2,829          |

### 5. Operating segments

Business segments are presented in accordance with internal reporting to the CEO and the Board of Directors, who are responsible for allocating resources to the reportable segments and assessing their financial performance.

The Group has four main business segments as at the end of the reporting period:

- **Personal Banking** offers individuals and small and medium-size businesses outside the capital city region diverse financial services through digital service channels, both online banking and apps, alongside conventional service through the Bank's branch network and Customer Service Centre.
- Corporate Banking offers financial services to corporate clients and to small and medium-size businesses in the capital city region and manages a corporate online banking platform that offers electronic banking services.
- Markets provides brokerage services in securities, foreign currencies and derivatives, sale of securities issues, money market lending and advisory services. The division is a market maker of listed securities and foreign currencies in the domestic market. Markets provides a range of wealth and asset management products and services for individuals, corporations and institutional investors. Landsbréf hf., a subsidiary of the Bank, is included in Markets' segment reporting.
- Treasury incorporates the Bank's funding and liquidity management, market making in money markets, and determines the Bank's internal pricing. Treasury also manages the Bank's exchange rate, interest rate and inflation risks, within limits set by the Board of Directors.

Support functions are comprised of Finance (excluding Treasury), Risk Management, IT and the CEO's Office. The CEO's Office is comprised of Human Resources, Marketing & Communications and Compliance. The Bank's Internal Audit department is also included in support functions; however, it is independent and reports directly to the Bank's Board of Directors.

Reconciliation consists of eliminations of internal transactions and operating items that cannot be allocated to any one segment.

Administrative expenses of the Group's support functions are allocated to appropriate business segments based on the underlying cost drivers. Expenses are allocated to the business units at market price level. Support functions supply services to business units and transactions are settled at unit prices or on an arm's-length basis, if possible, on the basis of use and activity.

The following table summarises each segment's financial performance as disclosed in the internal management reports on segment profits (loss) before tax. In these reports, all income statement items are reported on a net basis, including the total interest income and expense. Inter-segment pricing is determined on an arm's-length basis.

No revenue from transactions with a single external customer or counterparty amounted to 10% or more of the Group's total revenue during the period from 1 January to 30 September 2019 and corresponding period in 2018.

| Total   | 2,167    | 2,353    | 7,029    | 6,975    |

### 14. Income tax

Income tax recognised in the income statement is specified as follows:

|  | 2019     | 2018     |
|--|----------|----------|
|  | 1.1-30.9 | 1.1-30.9 |
| Current tax expense  | (3,130)  | (4,145)  |
| Special income tax on financial institutions   | (845)    | (1,022)  |
| Difference of prior year's imposed and calculated income tax                             | 3        | (78)     |
| Origination and reversal of temporary differences due to deferred tax assets/liabilities | (100)    | 129      |
| Total  | (4.072)  | (5.116)  |

The tax on Group profit differs to the following extent from the amount that would theoretically arise by the domestic corporate income tax rate:

|  |        | 2019     |        | 2018     |
|--|--------|----------|--------|----------|
|  |        | 1.1-30.9 |        | 1.1-30.9 |
| Profit before tax  |        | 21,572   |        | 23,341   |
| Tax on liabilities of financial institutions                       |        | (3,140)  |        | (2,832)  |
| Profit before income tax   |        | 18,432   |        | 20,509   |
| Income tax calculated using the domestic corporate income tax rate | 20.0%  | (3,686)  | 20.0%  | (4,102)  |
| Special income tax on financial institutions                       | 4.6%   | (845)    | 5.0%   | (1,022)  |
| Income not subject to tax  | (6.5%) | 1,194    | (3.4%) | 703      |
| Non-deductible expenses  | 4.0%   | (745)    | 3.2%   | (667)    |
| Other  | (0.1%) | 10       | 0.1%   | (28)     |
| Effective income tax   | 22.1%  | (4,072)  | 24.9%  | (5,116)  |

# 15. Tax on liabilities of financial institutions

|  | 2019     | 2018     |
|--|----------|----------|
|  | 1.1-30.9 | 1.1-30.9 |
| Tax on liabilities of financial institutions | (3,140)  | (2,832)  |

# Notes to the Condensed Consolidated Statement of Financial Position

### 16. Classification and fair values of financial assets and liabilities

Under IFRS 9, financial assets must be classified into categories that reflects the cash flow characteristic of the assets and the objective of business model for managing the assets. Subsequent measurement of each category is specified below:

- · Financial assets measured at amortised cost
- Financial assets mandatorily measured at fair value through profit or loss
- Financial assets designated at fair value through profit or loss
- · Financial liabilities measured at amortised cost
- Financial liabilities measured at fair value through profit or loss.

The following table shows the classification of the Group's financial assets and liabilities according to IFRS 9 and their fair values as at 30 September 2019:

|  |       |           | Ca          | rrying amount |                 |           |         | Fair va   | lue     |           |
|--|-------|-----------|-------------|---------------|-----------------|-----------|---------|-----------|---------|-----------|
|  |       | Amortised | Mandatorily | Designated    | Other financial |           |         |           |         |           |
| As at 30 September 2019                          | Notes | cost      | at FVTPL    | at FVTPL      | liabilities     | Total     | Level 1 | Level 2   | Level 3 | Total     |
| Financial assets measured at fair value          |       |           |             |               |                 |           |         |           |         |           |
| Cash and balances with Central Bank              | 19    | -         | 2,810       | -             | -               | 2,810     | -       | 2,810     | -       | 2,810     |

### 17. Fair value of financial assets and liabilities

### Valuation framework

The Bank's Risk & Finance Committee oversees the Group's overall risk and is responsible for fair value measurements of financial assets and liabilities classified as Level 2 and 3 instruments. The Bank's Valuation group reports its valuation results to the Risk & Finance Committee for verification. The Valuation group is comprised of personnel from Risk Management, Treasury and Accounting. The Valuation group holds monthly meetings to determine the value of Level 2 and Level 3 financial assets and liabilities.

# Transfers between Levels

During the period from 1 January to 30 September 2019 and 1 January to 30 September 2018, there were no transfers between Level 1, Level 2 and Level 3

The following tables show the reconciliation of fair value measurement in Level 3 for the nine months ended 30 September 2019 and for the year 2018:

|  | Bonds and   | Equities and | Loans and   | Total     |
|--|-------------|--------------|-------------|-----------|
|  | debt        | equity       | advances to | financial |
| 1 January - 30 September 2019                                | instruments | instruments  | customers   | assets    |
| Carrying amount as at 1 January 2019                         | 210         | 11,807       | 9,670       | 21,687    |
| Net gain on financial assets and liabilities at FVTPL        | 122         | 4,383        | 91          | 4,596     |
| Net foreign exchange gain                                    | 2           | 1            | =           | 3         |
| Purchases  | 66          | 1,041        | 774         | 1,881     |
| Sales  | (87)        | (2)          | -           | (89)      |
| Settlements  | (118)       | =            | (459)       | (577)     |

A further description of the financial instruments categorised in Level 3 are as follows:

- 1. Fair value of corporate bonds and claims on financial institutions in winding-up proceedings and other insolvent assets is estimated on expected recovery. Reference is also made to prices in recent transactions. Given the nature of the valuation method, a range of key unobservable inputs is not available.
- 2. Equities and equity instruments classified as Level 3 assets, are unlisted and not traded in an active market and therefore subject to unobservable inputs for fair value measurements. Valuation using discounted cash flows, comparison of peer companies' multiples, analysis of financial position and results, outlook and recent transactions are the methods or inputs used to estimate fair value of investments in equities and equity instruments. Given the nature of the valuation method, the range of key unobservable inputs is not available.
- 3. Loans and advances to customers carried at FVTPL are classified as financial assets in Level 3. The valuation technique is based on significant non-observable inputs as loans and advances are unlisted and not traded in an active market. The valuation technique is based on available market data such as interest and inflation curves, probability of default and liquidity spread. Given the nature of the valuation method, the range of key unobservable inputs is not available.

### The effect of unobservable inputs in fair value measurement

Although the Group believes that its estimates of fair value are appropriate, the use of different valuation methodologies and assumptions could lead to different estimates of fair value. The following tables show how profit (loss) before tax would have been affected if one or more of the inputs for fair value measurements in Level 3 were changed to likely alternatives for the nine months ended 30 September 2019 and 30 September 2018:

|                                       | 2019<br>1.1-30.9 |             |               |             |
|---------------------------------------|------------------|-------------|---------------|-------------|
|                                       |                  |             |               | 9           |
| Effect on profit before tax           | Favourable U     | nfavourable | Favourable Un | ıfavourable |
| Bonds and debt instruments            | 3                | (3)         | 4             | (4)         |
| Equities and equity instruments:      |                  |             |               |             |
| Equities                              | 755              | (741)       | 755           | (756)       |
| Mutual funds                          | 257              | (257)       | 191           | (191)       |
| Total equities and equity instruments | 1,012            | (998)       | 946           | (947)       |
| Loans and advances to customers       | 12               | (16)        | 77            | (77)        |
| Total                                 | 1,027            | (1,017)     | 1,027         | (1,028)     |

The effect on profit was calculated as the difference between results generated using the same valuation methods but changing key unobservable inputs for bonds and equities by +/- 5% and +/- 1% for loans and advances to customers.

## 19. Cash and balances with Central Bank

|   | 30.9.2019 | 31.12.2018 |
|---|-----------|------------|
| Cash on hand  | 4,980     | 5,217      |
| Unrestricted balances with Central Bank                           | 15,977    | 35,594     |
| Total cash and unrestricted balances with Central Bank            | 20,957    | 40,811     |
| Restricted balances with Central Bank - fixed reserve requirement | 7,780     | 7,155      |
| Restricted balances with Central Bank - average maintenance level | 7,780     | 7,155      |
| Assets held with Central Bank, subject to special restrictions    | 2,809     | 8,512      |
| Assets pledged as collateral to the Central Bank                  | 17,354    | 7,221      |
| Total restricted balances with Central Bank                       | 35,723    | 30,043     |
| Total cash and balances with Central Bank                         | 56,680    | 70,854     |

The Group uses derivatives both for hedging and trading purposes.

# Fair value hedging

Currently the Group applies hedge accounting only for fair value hedges of fixed interest risk on borrowings. The Group designates interest rate swaps as hedging instruments to hedge its interest rate exposure of fixed-rate EUR and SEK borrowings. The interest rate swaps and the borrowings have identical cash flows and under the interest rate swap the Group pays floating rates while receiving fixed rates. Thus the interest rate swaps hedge the fixed interest rate risk of the borrowings.

Linear regression is the method used to assess the effectiveness of each hedge. The relationship between daily fair value changes of an interest rate swap on the one hand and a borrowing on the other hand is examined.

During the period from 1 January 2019 to 30 September 2019, the slope of the regression line is in all cases within the range of 0.91-0.98 (for a 95% confidence level) and the regression coefficient is at least 0.92 ( $R^2$ ). During the period from 1 January to 30 September 2018, the slope of the regression line is in all cases within the range of 0.92-0.99 (for a 95% confidence level) and the regression coefficient is at least 0.96 ( $R^2$ ).

# Assets classified as held for sale

|                        | 30.9.2019 | 31.12.2018 |
|------------------------|-----------|------------|
| Repossessed collateral | 1,144     | 1,330      |
| Total                  | 1,144     | 1,330      |

# Repossessed collateral

Repossessed collateral consists mainly of property and equipment acquired by foreclosure on collateral securing loans and advances. The Group's policy is to pursue timely realisation of the repossessed collateral in an orderly manner. The Group generally does not use the non-cash repossessed collateral for its own operations. Repossessed collateral is recognised as assets of either the Bank or its subsidiary Hömlur ehf.

| Repossessed collateral                            | 30.9.2019 | 31.12.2018 |

<sup>\*</sup> The Group applies hedge accounting to these bond issuances and uses for this purpose certain foreign currency denominated interest rate swaps as hedging instruments, see Note 22. The interest rate swaps are hedging the Group's exposure to fair value changes of these fixed-rate EUR and SEK denominated bonds arising from changes in interest rates. The Group applies fair value hedge accounting to the hedging relationship.

<sup>\*</sup> The Group applies hedge accounting to these bond issuances and uses for this purpose certain foreign currency denominated interest rate swaps as hedging instruments, see Note 22. The interest rate swaps are hedging the Group's exposure to fair value changes of these fixed-rate EUR and SEK denominated bonds arising from changes in interest rates. The Group applies fair value hedge accounting to the hedging relationship.

# 32. Deferred tax assets and liabilities (continued)

The movements in temporary differences during the period were as follows:

|                                       |                      | _                                | statem                     | ient                          |                       |

### 35. Equity

### Share capital

As of 30 September 2019, ordinary shares authorised and issued by the Bank totalled 24 billion, while outstanding shares were 23.6 billion. Each share has a par value of ISK 1. Each ordinary share conveys one vote at general meetings of the Bank. All share capital is fully paid up.

The Annual General Meeting (AGM) of the Bank, held on 4 April 2019, approved the motion of the Board of Directors to authorise the Bank to acquire up to 10% of the nominal value of the Bank's share capital in accordance with Article 55 of the Act on Public Limited Companies, No. 2/1995. The price of each share is to be determined by the internal value of the Bank's shares, according to its most recently published results prior to the timing of the repurchase of the own shares. This authorisation applies until the next AGM in 2020 and the disposal of the own shares under this authorisation is subject to the approval of a shareholders meeting.

### Share premium

Share premium represents the difference between the ISK amount received by the Bank when issuing share capital and the nominal amount of the shares issued, less costs directly attributable to issuing the new shares.

### Statutory reserve

The statutory reserve is established in accordance with the Public Limited Companies Act, No. 2/1995, which stipulates that the Bank must allocate profits to the statutory reserve until the reserve is equal to one-quarter of the Bank's share capital.

### Retained earnings

Act No. 3/2006, on Annual Financial Statements, with subsequent amendments, require inter alia the separation of retained earnings into two categories: restricted and unrestricted retained earnings. Unrestricted retained earnings consist of undistributed profits and losses accumulated by the Group since the foundation of the Bank, less transfers to the Bank's statutory reserve and restricted retained earnings. Restricted retained earnings are split into two categories:

- 1. Unrealised gains in subsidiaries and equity-accounted associates reserve; if the share of profit from subsidiaries or equity-accounted associates is in excess of dividend received, the Group transfers the difference to a restricted reserve in equity. If the Group's interest in subsidiaries or equity-accounted associates is sold or written off, the applicable amount recognised in the reserve is transferred to retained earnings.
- 2. Financial assets designated at fair value through profit or loss reserve. The Group transfers fair value changes arising from financial assets designated at fair value through profit or loss, from retained earnings to a restricted reserve. Amounts recognised in the reserve are transferred back to retained earnings upon sale of the financial asset.

# Dividend

The AGM of the Bank held on 4 April 2019, approved the motion of the Board of Directors to pay shareholders a dividend in the amount of ISK 9,922 million, or equivalent to ISK 0.42 per share, for the operating year 2018. The dividend was to be paid in two equal instalments, each equivalent to ISK 0.21 per share, on 10 April 2019 and 2 October 2019. Both instalments have been paid to shareholders in accordance with the resolution of the meeting.

# Dividend policy

Landsbankinn's current dividend policy provides that the Bank aims to pay regular dividends to shareholders amounting in general to  $\geq$ 50% of the previous year's profit. To achieve the Bank's target capital ratio, special dividend payments may also be made to optimise its capital structure. In determining the amount of dividend payments, the Bank's continued strong financial position shall be ensured. Regard shall be had for risk in the Bank's internal and external environment, growth prospects and the maintenance of a long-term, robust equity and liquidity position, as well as compliance with regulatory requirements of financial standing at any given time.

# Restriction of dividend payments

According to the Public Limited Companies Act, No. 2/1995, it is only permissible to allocate as dividend profit in accordance with approved annual financial statements for the immediate past financial year, profit carried forward from previous years, and free funds after deducting loss which has not been met, and the funds which according to law or Articles of Association must be contributed to a reserve fund or for other use. Furthermore, under the amendment to Act No. 3/2006, on Annual Financial Statements, from June 2016 it is only permissible to allocate as dividend profit from unrestricted retained earnings.

Additionally, according to the Act on Financial Undertakings, No. 161/2002, the Icelandic Financial Supervisory Authority can impose proportionate restrictions on the Bank's dividend payments, if the Bank's capital adequacy ratio falls below the total capital requirement plus capital buffers, see Note 41 Capital requirements.

### Other notes

# 36. Earnings per share

|  | 2019     | 2018     | 2019     | 2018     |
|--|----------|----------|----------|----------|
| Profit for the period                                    | 1.7-30.9 | 1.7-30.9 | 1.1-30.9 | 1.1-30.9 |
| Profit for the period attributable to owners of the Bank | 3,247    | 3,780    | 14,360   | 15,393   |

Diluted earnings per share are calculated by adjusting the weighted average number of ordinary shares outstanding to assume conversion of all dilutive potential ordinary shares.

|  | 2019     | 2018     | 2019     | 2018     |
|--|----------|----------|----------|----------|
| Number of shares   | 1.7-30.9 | 1.7-30.9 | 1.1-30.9 | 1.1-30.9 |
| Number of ordinary shares issued at beginning of period    | 24,000   | 24,000   | 24,000   | 24,000   |
| Average number of own shares                               | (375)    | (360)    | (375)    | (360)    |
| Weighted average number of shares outstanding              | 23,625   | 23,640   | 23,625   | 23,640   |
| Basic and diluted earnings per share from operations (ISK) | 0.14     | 0.16     | 0.61     | 0.65     |

The Bank's basic and diluted earnings per share are equal as the Bank has not issued any options, warrants, convertibles or other potential sources of dilution.

# 37. Litigation

# Material litigation cases against the Bank and its subsidiaries

The Bank and its subsidiaries are from time to time party to litigation cases which arise in the ordinary course of business. Some of these cases are material in the sense that management considers that they may have a significant impact on the amounts disclosed in the Group's financial statements and are not comparable to other, previously closed, cases.

In September 2018, the Icelandic Bankers' Pension Fund commenced litigation against the Bank, the Icelandic Central Bank, the Icelandic State and certain companies and associations. The Pension Fund demands that an agreement on the settlement of obligations of the then participating companies from 1997 be amended such that, firstly, the defendants shall pay a total of around ISK 5,600 million to the Fund, out of which the Bank shall pay around ISK 4,100 million, and, secondly, that the defendants shall guarantee the obligations of the Fund's Rate Department (Hlutfallsdeild) which are higher than its asset at any time. At a hearing of the case in January 2019 before the District Court of Reykjavík the Bank submitted a statement of defence, rejecting all claims. On 24 April 2019 the District Court decided to dismiss all claims against the Bank due to procedural reasons. The Pension Fund appealed the decision to the Court of Appeal in May 2019. On 6 June 2019 the Court of Appeal decided to invalidate the decision of the District Court and order the case to be brought again before the District Court for substantive resolution. On 10 September 2019 the case was heard by the District Court where new documents were presented. Moreover, at the hearing, the Pension Fund presented a request for an appointment of assessors to evaluate certain actuarial matters relating to the calculation of the alleged claims against each of the defendants.

In June 2013, a payment card company commenced litigation against the Bank and other financial undertakings claiming tort liability in the amount of ISK 1.2 billion plus interest. The plaintiff argued that the defendants were liable in tort for alleged violation of competition rules in the determination of payment card interchange fees. On 1 June 2017, the Supreme Court confirmed the decision of the District Court to dismiss the case on grounds of insufficient substantiation. In September 2017, the same payment card company commenced litigation against the same defendants as in the previous case claiming tort liability in the amount of around ISK 923 million, plus interest. The plaintiff, again, argued that the defendants should be held liable in tort for alleged violation of competition rules. The Supreme Court dismissed this case on 13 June 2018. In November 2018, a former owner of the payment card company, having had the alleged rights assigned to him from the payment card company, brought a new case against the same parties and demanded acknowledgement of the defendants' tort liability due to alleged breach of competition rules. In April 2019 the Court of Appeal confirmed a decision of the District Court to dismiss the case on grounds of insufficient substantiation. At the beginning of October 2019 the same former owner of the payment card company brought a new case against the same parties claiming tort liability in the amount of around ISK 923 million, plus interest. The Bank considers that the case should be dismissed on the same grounds as in the previous cases.

# Proceedings relating to the sale of the Bank's shareholding in Borgun hf.

In January 2017, the Bank commenced proceedings before the Reykjavík District Court against BPS ehf., Eignarhaldsfélagið Borgun slf., Borgun hf. and the then CEO of Borgun hf. The Bank considers the defendants' to have been in possession of information about the shareholding of Borgun in Visa Europe Ltd. at the time when the Bank sold its 31.2% shareholding in Borgun hf. that they failed to disclose to the Bank. The Bank demands acknowledgement of the defendants' liability for losses incurred by the Bank on these grounds. The defendants demanded the dismissal of the case which was rejected by a ruling of the District Court in June 2017. That ruling could not be appealed, and the defendants have submitted their written defences, responding to the substance of the Bank's pleadings. On 10 September 2018, the District Court of Reykjavík ruled on the appointment of assessors to evaluate certain issues regarding Borgun's annual financial statements. The Court of Appeal confirmed the ruling on 30 October 2018.

### 38. Interest in subsidiaries

The main subsidiaries held directly or indirectly by the Group as at 30 September 2019 were as detailed in the table below. This includes those subsidiaries that are most significant in the context of the Group's business. Landsbankinn operates an extensive branch network in Iceland, comprised of 37 branches and service points as at 30 September 2019.

# Main subsidiaries as at 30 September 2019

|  | Ownership |                         |
|--|-----------|-------------------------|
| Company                                      | interest  | Activity                |
| Eignarhaldsfélag Landsbankans ehf. (Iceland) | 100%      | Holding company         |
| Landsbréf hf. (Iceland)                      | 100%      | Fund management company |
| Hömlur ehf. (Iceland)*                       | 100%      | Holding company         |

<sup>\*</sup>Hömlur ehf. is a parent of a number of subsidiaries, which are neither individually nor combined significant in the context of the Group's business.

The Group does not have significant restrictions on its ability to access or use its assets and settle its liabilities other than those resulting from the supervisory framework. The Group did not have any material non-controlling interests as at 30 September 2019.

## 39. Related party transactions

# Transactions with the Icelandic government and government-related entities

The Group's products and services are offered to the Icelandic government and government-related entities in competition with other vendors and under generally accepted commercial terms. In a similar manner, the Bank and other Group entities purchase products and services from government-related entities at market price and otherwise under generally accepted commercial terms. The nature of and amounts outstanding with public entities are disclosed in Note 44, under Public entities.

In March 2016, the Icelandic State Treasury took over Íslandsbanki hf. Following the takeover, a settlement was reached with the Icelandic Competition Authority to the effect that both banks will continue to operate as independent competitors in the financial market. The takeover qualifies as a merger under Icelandic competition law, as the Icelandic State Treasury has control over the two banks as of the time of the takeover. The Bank has a traditional bank-to-bank relationship with Íslandsbanki under generally accepted commercial terms. The nature of and amounts outstanding with financial institutions, including Íslandsbanki, are disclosed in Note 44, under Financial institutions.

# Transactions with other related parties

The following table presents the total amounts of loans to key management personnel and parties related to them, loans to associates of the Group and other related parties:

|   | 2019           |             | 201            | 2018        |  |
|---|----------------|-------------|----------------|-------------|--|
|   |                | Highest     |                | Highest     |  |
|   |                | amount      |                | amount      |  |
|   | Gross carrying | outstanding | Gross carrying | outstanding |  |
|   | amount as at   | during the  | amount as at   | during the  |  |
| Loans in ISK million                        | 30 September   | period      | 31 December    | period      |  |
| Key management personnel                    | 316            | 384         | 242            | 266         |  |
| Parties related to key management personnel | 147            | 204         | 135            | 159         |  |
| Associates                                  | 283            | 289         | 288            | 17,589      |  |
| Other                                       | 108            | 108         | 24             | 26          |  |
| Total                                       | 854            | 985         | 689            | 18,040      |  |

Specific allowance for impairment of ISK 86 million in Stage 3 is recognised in respect of the loans under the item Other.

No financial pledges or commitments have been given or received in respect of these transactions during the reporting period. No financial guarantees were given to an associate of the Bank during the period. There are no lease transactions between related parties during the period.

The following table presents the total amounts of deposits received from key management personnel and parties related to them and associates of the Group:

|   | 201            | 9           | 201            | 2018        |  |

| Deposits in ISK million                     | 30 September   | period      | 31 December    | period      |  |
| Key management personnel                    | 66             | 192         | 79             | 229         |  |
| Parties related to key management personnel | 46             | 94          | 48             | 159         |  |
| Associates                                  | 269            | 397         | 149            | 16,885      |  |
| Other                                       | 305            | 932         | 214            | 7,727       |  |
| Total                                       | 686            | 1,615       | 490            | 25,000      |  |

### 39. Related party transactions (continued)

### Transactions with other related parties (continued)

The following table presents the total amount of guarantees to key management personnel and parties related to them and associates of the Group:

|   | Gross carrying | Gross carrying |
|---|----------------|----------------|
|   | amount as at   | amount as at   |
|   | 30 September   | 31 December    |
| Guarantees in ISK million                   | 2019           | 2018           |
| Key management personnel                    | -              | -              |
| Parties related to key management personnel | =              | -              |
| Associates                                  | 85             | 334            |
| Total                                       | 85             | 334            |

All of the above transactions were made in the ordinary course of business and on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with third party counterparties.

# 40. Events after the reporting period

No events have arisen after the reporting period of these financial statements that require amendments or additional disclosures in the Condensed Consolidated Financial Statements for the nine months ended 30 September 2019.

# Capital management

# 41. Capital requirements

The Group's capital management policies and practices aim to ensure that the Group has sufficient capital to cover the risks associated with its activities on a consolidated basis. The capital management framework of the Group comprises four interdependent areas: capital assessment, risk appetite/capital target, capital planning, and reporting/monitoring. The Group regularly monitors and assesses its risk profile in key business areas on a consolidated basis and for the most important risk types. Risk appetite sets out the level of risk the Group is willing to take in pursuit of its business objectives.

The Group's capital requirements are defined in Icelandic law and regulations and by the Icelandic Financial Supervisory Authority (FME). The requirements are based on the European legal framework for capital requirements (CRD IV and CRR), implementing the Basel III capital framework. The regulatory minimum capital requirement under Pillar I is 8% of Risk Exposure Amount (REA) for credit risk, market risk and operational risk. In conformity with Pillar II-R requirements, the Bank annually assesses its own capital needs through the Internal Capital Adequacy Assessment Process (ICAAP). The ICAAP results are subsequently reviewed by the FME in the Supervisory Review and Evaluation Process (SREP). The Group's minimum capital requirement, as determined by the FME, is the sum of Pillar I and Pillar II-R requirements.

In addition to the minimum capital requirement, the Bank is required by law to maintain certain capital buffers determined by the FME, which may, depending on the situation, be based on recommendations from the Icelandic Financial Stability Counsel (FSC). The FSC has defined Landsbankinn as a systematically important financial institution in Iceland.

The Group's most recent capital requirements, as determined by the FME, are as follows (as a percentage of REA):

| As at 30.9.2019  | CET1  | Tier 1 | Total |
|--|-------|--------|-------|
| Pillar I   | 4.5%  | 6.0%   | 8.0%  |
| Pillar II-R  | 1.9%  | 2.6%   | 3.4%  |
| Minimum requirement under Pillar I and Pillar II-R       | 6.4%  | 8.6%   | 11.4% |
| Systemic risk buffer                                     | 2.84% | 2.84%  | 2.84% |
| Capital buffer for systematically important institutions | 2.00% | 2.00%  | 2.00% |
| Countercyclical capital buffer                           | 1.68% | 1.68%  | 1.68% |
| Capital conservation buffer                              | 2.50% | 2.50%  | 2.50% |
| Combined buffer requirement                              | 9.02% | 9.02%  | 9.02% |
| Total capital requirement                                | 15.4% | 17.6%  | 20.4% |

Following recommendations of the FSC, the FME has decided to raise the countercyclical capital buffer. Changes to the countercyclical capital buffer on domestic exposures will therefore be, ceteris paribus, as follows:

|  | 31.12.2018 | 15.5.2019 | 1.2.2020 |
|--|------------|-----------|----------|
| Countercyclical capital buffer on domestic exposures | 1.25%      | 1.75%     | 2.00%    |

The Bank aims to maintain at all times capital ratios above FME's capital requirements, in addition to a management capital buffer that is defined in the Bank's risk appetite. The Bank also aims to be in the highest category for risk-adjusted capital ratio, as determined and measured by the relevant credit rating agencies.

# 41. Capital requirements (continued)

The Group's capital requirements at 31.12.2018, as determined by the FME, were as follows (as a percentage of REA):

| As at 31.12.2018   | CET1  | Tier 1 | Total |
|--|-------|--------|-------|
| Pillar I   | 4.5%  | 6.0%   | 8.0%  |
| Pillar II A  | 2.3%  | 3.0%   | 4.0%  |
| Minimum requirement under Pillar I and Pillar II A       | 6.8%  | 9.0%   | 12.0% |
| Systemic risk buffer                                     | 2.85% | 2.85%  | 2.85% |
| Capital buffer for systematically important institutions | 2.00% | 2.00%  | 2.00% |
| Countercyclical capital buffer                           | 1.19% | 1.19%  | 1.19% |
| Capital conservation buffer                              | 2.50% | 2.50%  | 2.50% |
| Combined buffer requirement                              | 8.54% | 8.54%  | 8.54% |
| Total capital requirement                                | 15.3% | 17.5%  | 20.5% |

### 42. Capital base, risk exposure amount and capital ratios

The following table shows the Group's capital base, risk exposure amount and capital ratios. The calculations are in accordance with Chapter X of the Act on Financial Undertakings, No. 161/2002, and Regulation No. 233/2017 on prudential requirements for the operations of financial undertakings. Iceland has also adopted regulation (EU) No. 575/2013 of the European Parliament and of the Council on prudential requirements for credit institutions and investment firms, but has temporarily excluded Articles 500 and 501 (capital requirements relief for small and medium enterprises).

In accordance with the aformentioned laws and regulations, the Financial Supervisory Authority (FME) has granted permission for interim profits to be included in the Group's capital base. The permission is subject to the conditions that those interim profits have been verified by the Group's auditors and that any foreseeable dividend has been deducted from the amount of those interim profits.

The Group uses the standardised approach to calculate the risk exposure amount for credit risk and market risk, and the basic indicator approach for operational risk.

| Capital base                                    | 30.9.2019 | 31.12.2018 |
|---|-----------|------------|
| Share capital                                   | 23,625    | 23,625     |
| Share premium                                   | 120,630   | 120,630    |
| Reserves  | 13,624    | 12,130     |
| Retained earnings                               | 85,981    | 83,225     |
| Total equity attributable to owners of the Bank | 243,860   | 239,610    |
| Intangible assets                               | (2,338)   | (2,622)    |
| Deferred tax assets                             | (34)      | (134)      |
| Fair value hedges                               | (1,646)   | (602)      |
| Foreseeable dividends*                          | (7,180)   | =          |
| Common equity Tier 1 capital (CET1)             | 232,662   | 236,252    |
| Non-controlling interests                       | -         | <u> </u>   |
| Tier 1 capital                                  | 232,662   | 236,252    |
| Subordinated liabilities                        | 13,433    | 13,340     |
| Tier 2 capital                                  | 13,433    | 13,340     |
|   |           |            |
| Total capital base                              | 246,095   | 249,592    |
| Risk exposure amount (REA)                      |           |            |
| Credit risk                                     | 933,036   | 887,372    |
| Market risk                                     | 13,021    | 17,739     |
| Operational risk**                              | 95,815    | 95,815     |
| Total risk exposure amount                      | 1,041,872 | 1,000,926  |
|   |           |            |
| CET1 ratio                                      | 22.3%     | 23.6%      |
| Tier 1 capital ratio                            | 22.3%     | 23.6%      |
| Total capital ratio                             | 23.6%     | 24.9%      |
|   |           |            |

<sup>\*</sup>Pursuant to the Bank's dividend policy, the foreseeable dividend consists of 50% of net earnings for the first nine months of 2019.

<sup>\*\*</sup>The amounts are updated on a yearly basis.

# 43. Leverage ratio

The following table shows the Group's leverage ratio. Subject to Article 30(a) of Act on Financial Undertakings, No. 161/2002, Regulation No. 233/2017 on prudential requirements for the operations of financial undertakings and Regulation (EU) No. 575/2013 of the European Parliament and of the Council on prudential requirements for credit institutions and investment firms, a minimum leverage ratio of 3.0% is required.

| Leverage ratio                                      | 30.9.2019 | 31.12.2018 |
|---|-----------|------------|
| - On-balance sheet exposure (excluding derivatives) | 1,412,734 | 1,324,118  |
| - Derivative instrument exposure                    | 2,528     | 1,923      |
| - Potential future exposure on derivatives          | 1,455     | 1,674      |
| - Off-balance sheet exposure                        | 122,426   | 147,010    |
| - Regulatory adjustments to Tier 1 capital          | (11,198)  | (3,358)    |
| Total leverage exposure                             | 1,527,945 | 1,471,367  |
| Tier 1 capital                                      | 232,662   | 236,252    |
| Leverage ratio                                      | 15.2%     | 16.1%      |

# Risk management

#### Credit risk

#### 44. Maximum exposure to credit risk and concentration by industry sectors

The following tables show the Group's maximum credit risk exposure as at 30 September 2019 and 31 December 2018. For on-balance sheet assets, the exposures are based on net carrying amounts as reported in the Condensed Consolidated Interim Statement of Financial Position. Off-balance sheet amounts are the maximum amounts the Group might have to pay for guarantees, loan commitments in their full amount, and undrawn overdraft and credit card facilities.

The Group uses the ISAT 08 industry classification for corporate customers.

|   |              |           | _           | Corporations |              |             |           |        |          |        |           |             |       |           |

#### 45. Collateral and loan-to-value

The loan-to-value (LTV) ratio expresses the gross carrying amount of loans and advances as a percentage of the total value of the collateral. Loan-to-value is one of the key risk factors assessed when qualifying borrowers for a loan. The risk of default is always at the forefront of lending decisions, and the likelihood of a lender absorbing a loss in the foreclosure process increases as the collateral value decreases. A high LTV indicates that there are smaller buffers to protect against price falls or increases in the loan if repayments are not made and interest is added to the outstanding balance.

|   |          | LTV ratio - Fully collateralised |             |            |          |         | Partially alised  |                       |                                |                 |

<sup>\*</sup>If LTV is less than 100% the loan is considered fully secured. If LTV is greater than 100% the loan is partially collateralised and the respective collateral value is shown in the table.

## 46. Collateral types

The following tables disclose the assignments of collateral values to claim values, whereby the value of each individual collateral item held cannot exceed the gross carrying amount of the corresponding individual claim. Changes in collateral value amounts between periods result either from changes in the underlying value of collateral or changes in the gross carrying amount.

| As at 30 September 2019                   | Real estate | Vessels | Deposits | Securities | Other*  | Total     |

## 51. Large exposures

As at 30 September 2019, five customer groups were rated as large exposures in accordance with rules on large exposures. Customers are rated as large exposures if their total obligations, or those of financially or administratively connected parties, exceed 10% of the Group's eligible capital. According to the rules, no exposure, after credit risk mitigation, may exceed 25% of the eligible capital. The following table shows the Group's large exposures after credit mitigation:

|   | Number of |           |
|---|-----------|-----------|
|   | large     | Large     |
| As at 30 September 2019   | exposures | exposures |
| Large exposures between 10% and 20% of the Group's eligible capital | 3         | 101,693   |
| Large exposures between 0% and 10% of the Group's eligible capital  | 2         | -         |
| Total   | 5         | 101,693   |
| Total ratio of large exposures to eligible capital                  |           | 41%       |
| As at 31 December 2018  |           |           |
| Large exposures between 10% and 20% of the Group's eligible capital | 3         | 83,842    |
| Large exposures between 0% and 10% of the Group's eligible capital  | 1         | -         |
| Total   | 4         | 83,842    |
| Total ratio of large exposures to eligible capital                  |           | 34%       |

### 52. Bonds and debt instruments

A breakdown of the Group's bond portfolio, by Standard & Poor's ratings, is as follows:

| Government bonds and treasury bills | 30.9.2019 | 31.12.2018 |
|-------------------------------------|-----------|------------|
| Rated AAA                           | 27,064    | 26,685     |
| Rated AA- to AA+                    | 32,147    | 23,247     |
| Rated A- to A+                      | 8,823     | 7,187      |
| Rated BBB+ and below                | 2,458     | 576        |
|                                     | 70,492    | 57,695     |
| Corporate bonds                     |           |            |
| Rated A- to A+                      | 1,005     | 379        |
| Rated BBB- to BBB+                  | 4,066     | 3,776      |
| Unrated                             | 12,255    | 11,701     |
|                                     | 17,326    | 15,856     |
| Asset-backed securities             |           |            |
| Rated BBB- to BBB+                  | 8,968     | 3,507      |
|                                     | 8,968     | 3,507      |
| Total                               | 96,786    | 77,058     |

### 53. Offsetting financial assets and financial liabilities

The following table shows reconciliation of the net amounts of financial assets and financial liabilities. These are subject to offsetting, enforceable master netting agreements and other similar agreements.

## As at 30 September 2019

Financial assets subject to offsetting, enforceable master netting arrangement and other similar agreements.

### Liquidity risk

## 54. Liquidity risk management

The Group complies with liquidity rules set by the Central Bank of Iceland No. 266/2017. The Group also follows Central Bank rules No. 1032/2014 on funding ratios in foreign currencies, as well as guidelines No. 2/2010 from the Icelandic Financial Supervisory Authority on best practice for managing liquidity in banking organisation. The Central Bank's liquidity rules No. 266/2017 require the Group to maintain a total liquidity coverage ratio (LCR) of 100% at a minimum and also a LCR in foreign currencies of 100% at a minimum. Rules No. 1032/2014 set requirements for a minimum of 100% net stable funding ratio (NSFR) in foreign currencies. The Group submits monthly reports on its liquidity and funding position to the Central Bank of Iceland and the FME.

The key indicator of short-term liquidity risk is measured by the LCR which shows the ratio of high quality liquid assets to expected total net cash outflows over the next 30 days under a specified stress scenario. High quality liquid assets are comprised of cash at hand, balances with the Central Bank, assets eligible for repo transactions with the Central Bank and zero percent risk-weighted foreign government bonds. Estimated inflow and outflow weights, according to rules No. 266/2017, are applied to the total balance amount for each asset and liability group measured in the ratio, reflecting the next 30 calendar days. Financial institutions can at a maximum assume 75% of their estimated inflow net to their estimated outflow. This is done so that financial institutions can not overly rely on their estimated inflow in times of stress. The calculations for the ratio as at 30 September 2019 and 31 December 2018 are shown in the following table:

|  | Tota       | al       | Foreign cu | rrencies |  |
|--|------------|----------|------------|----------|--|
| Liquidity coverage ratio 30 September 2019   | Unweighted | Weighted | Unweighted | Weighted |  |
| Level 1 liquid assets                        | 99,758     | 99,758   | 61,029     | 61,029   |  |
| Level 2 liquid assets                        | 817        | 572      | -          | -        |  |

<sup>\*</sup>Other represents assets pledged as collateral to the Central Bank of Iceland to secure settlement in the Icelandic clearing systems, assets pledged as collateral to secure trading lines and credit support for GMRA and ISDA master agreements and other pledges of similar nature.

### Market risk

#### 56. Market risk management

The following table summarises the Group's exposure to market risk as a percentage of risk exposure amount (REA) as at 30 September 2019 and 31 December 2018. The Group uses the standardized approach to calculate risk exposure amounts of derivatives for credit valuation adjustment (CVA) according to capital requirement regulations.

|                       | 30.9.2019 | 31.12.2018 |
|-----------------------|-----------|------------|
| Market risk factor    | % of REA  | % of REA   |
| Equity price risk     | 0.6%      | 0.9%       |
| Interest rate risk    | 0.2%      | 0.2%       |
| CVA of derivatives    | 0.0%      | 0.0%       |
| Foreign exchange risk | 0.4%      | 0.6%       |
| Total                 | 1.2%      | 1.8%       |

The currency risk in the Group's trading portfolios is disclosed together with that in its non-trading portfolios in Notes 60-61.

#### 57. Equity price risk

Equity price risk is the risk of equity value fluctuations due to open positions in equity-based instruments.

The Group's equity trading portfolio is comprised of proprietary trading positions and exposures due to market making, including equity derivatives and hedging positions, in listed ISK equities. The Group's banking book portfolio contains listed and unlisted equities as part of asset and liability management. Further details are disclosed in Note 21.

### 58. Interest rate risk

The following tables summarise the Group's exposure to interest rate risk. The tables include interest-bearing financial assets and liabilities at their carrying amounts, while off-balance sheet amounts are the notional amounts of the derivative instruments, see Note 22. The amounts presented are categorised by the earlier of either the contractual repricing or the maturity date.

## 59. CPI indexation risk (all portfolios)

The consumer price index (CPI) indexation risk is the risk that the fair value or future cash flows of CPI-linked financial instruments may fluctuate due to changes in the Icelandic CPI. The Group has a considerable imbalance in its CPI-linked assets and liabilities. To mitigate this imbalance the Bank offers non-CPI-linked loans, CPI-linked deposits, CPI-linked covered bonds as well as CPI-linked interest rate swaps.

CPI indexation risk is managed centrally within the Group by Treasury, and is monitored by Market Risk department within the Risk Management division. The following tables summarizes the Group's CPI imbalance, where CPI-linked financial assets and liabilities are calculated at their carrying amounts and categorised at maturity date, as at 30 September 2019 and 31 December 2018.

|  | Up to    | 3-12     | 1-5      | Over     | Carrying  |
|--|----------|----------|----------|----------|-----------|

#### Currency risk

#### 60. Currency risk (all portfolios)

The Group follows Central Bank Rules No. 784/2018, on Foreign Exchange Balances. The Rules stipulate that a foreign exchange balance (whether long or short) of a systemically important financial institution must always be within 10% of its capital base, in each currency and for all currencies combined, although the total foreign exchange balance should never exceed ISK 25,000 million. The Group submits monthly reports to the Central Bank on its foreign exchange balance.

The Group's combined net foreign exchange balance as at 30 September 2019 was + 1,4% of the Group's capital base (31.12.2018: +2.3%).

### 61. Concentration of currency risk

The following tables summarise the Group's exposure to currency risk as at 30 September 2019 and 31 December 2018. The off-balance sheet amounts shown are the notional amounts of the Group's derivative instruments. Amounts presented under assets and liabilities include all spot deals. When managing currency risk the Group regards spot deals as non-derivative assets or liabilities.

### **Accounting policies**

#### 63. Changes to accounting policies

The accounting policies applied in the Condensed Consolidated Interim Financial Statements are the same as those applied in the Consolidated Financial Statements as at and for the year ended 31 December 2018, except for the changes set out below.

#### IFRS 16 - Leases

The accounting policies applied in the Condensed Consolidated Interim Financial Statements are the same as those applied in the Consolidated Financial Statements as at and for the year ended 31 December 2018, except for changes resulting from the initial adoption of IFRS 16 Leases as of 1 January 2019. The Group has applied IFRS 16 using the modified retrospective approach and the comparative information has not been restated. Under this approach the cumulative effect on initial application is recognised in retained earnings net of tax as at 1 January 2019.

#### Policy applicable from 1 January 2019

### (a) When a Group entity is the lessee

The leases into which the Group enters as a lessee are primarily operating leases. This type of leasing contracts, with the exception of short-term contracts and contracts for small assets, are recognised in the Statement of Financial Position both on the asset side as right-of-use assets under Other assets and on the liability side as a lease liability under Other liabilities. Initially, the lease liability and the right-of-use asset will be measured at the present value of the lease payments (defined as unavoidable payments). A right-of-use asset is then depreciated on a straight-line basis over the lease period and the depreciation charge is recognised amongst Other operating expenses in the income statement. The lease liability is measured at the present value of future lease payments, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Group's incremental borrowing rate. Generally, the Group uses its incremental borrowing rate as the discount rate. Interest expenses on lease liabilities are recognised in the income statement amongst interest expenses. During the first nine months of 2019, the Group recognised ISK 359 million as depreciation of right-of-use assets and ISK 52 million as interest expenses on lease liabilities. Previously, all operating lease expenses of the Group were recognised amongst other operating expenses.

#### (b) When a Group entity is the lessor

When assets are held subject to a finance lease, the present value of lease payments is recognised as a receivable, under loans and advances to customers. Finance income from such a lease is recognised over the term of the lease, using a method that reflects a constant periodic rate of return on the Group's net investment in the lease.

### Policy applicable before 1 January 2019

# (a) When a Group entity is the lessee

The leases into which the Group enters as a lessee are primarily operating leases. Over the period of the lease, payments for operating leases are charged to the income statement on a straight-line basis, in the line item "Other operating expenses".

If an operating lease is terminated before the lease period has expired, any payment to the lessor required by way of penalty is recognised as an expense in the period in which termination occurs.

#### (b) When a Group entity is the lessor

When assets are held subject to a finance lease, the present value of lease payments is recognised as a receivable, under loans and advances to customers. Finance income from such a lease is recognised over the term of the lease, using a method that reflects a constant periodic rate of return on the Group's net investment in the lease.
