

# Landsbankinn's fixed interest rate development from 2011 - 2022

Updated on: 29.04.2022

The interest rate can be fixed for 3 or 5 years. Once the fixed-rate period expires, the consumer can choose between fixing the interest rate again or changing to variable rates. The LTV ratio on housing loans is based on assessed value from the State Valuation Office or market value, whichever is lower. The table shows the development of fixed rates on housing mortgages to consumers.
